

## Oil News and Comment

By JOHN R. REAVIS

### ADAMS TO VISIT OKLAHOMA SOON

ASSISTANT SECRETARY WILL BE HERE THIS WEEK.

### OSAGE COUNCIL CONFERENCE

Priestly's Plan Not Generally Approved—Lobbyists Look for Another Glean.

The results of the meeting between certain Oklahoma, Indian and American representatives at the office of the covering Department in Washington on the 15th have been the subject of much discussion in this city.

The attendees at the meeting were not large, among those present being Indian Agents George Priestly, W. H. Johnson and D. J. Hall of Bartlesville. Mr. Johnson was the spokesman for the delegation.

The position taken by the assistant secretary was that it would be an injustice to the Indian, owners of land to enforce a regulation of the kind proposed. The plan in the mind of Mr. Priestly was to let the Indians produce all over the state, subjecting the matter, with the regulation of the land and the land would be sold and the proceeds would be used for the Indians.

It is not believed that there was any great success at the meeting. Mr. Priestly's plan, it was believed, to be somewhat impracticable. Here in Tulsa the matter did not seem to arouse great interest, consequently there is no serious over the action of the assistant secretary.

Another question brought up at the conference was as to the Indian who had been killed in the Osage country. The assistant secretary, it was believed, had been told that no one would be held responsible for the killing of the Indian who had been killed in the Osage country.

Nothing has been heard recently as to what the Osage country is doing in the way of coming to a decision on the matter of the Indian who had been killed in the Osage country. It is believed, however, that some resolution will be arrived at by the end of the month.

Another question brought up at the conference was as to the Indian who had been killed in the Osage country. The assistant secretary, it was believed, had been told that no one would be held responsible for the killing of the Indian who had been killed in the Osage country.

### Notes.

J. M. Gordon, president and manager of the Southwestern Refining Company, whose plant is located at Bartlesville, Osage County, has moved out of the three rooms and taken a suite of three rooms on the second floor of the Gillette building with a kitchen and a bathroom, where he will be working in the future.

Dr. Giesse, the famous Swiss gun maker who is at work in the lower creek country for the Union Pacific and the Southern Railway, has a house at Bartlesville. The house is a small one-story building with a kitchen and a bathroom. The house is a small one-story building with a kitchen and a bathroom.

weeks. They are now having trouble setting the ten inch casing.

The Planters Oil Company, on the Myrtle Street land, Section 5-21-13, third Creek field, has brought in a 29-barrel well.

The Monmouth well in Section 8-21-13, third Creek field, is good for only about 5 barrels in the Tucker sand. This well has no test in the Bartlesville sand from which it should get a good production.

The Producers No. 4 on the Charles and No. 5 on the Anderson land, both in Section 8-21-13, have been brought in and are good for 105 barrels each.

It is expected that the well now being drilled by the Gladys Hall Oil Company, 300 yards south of the former Producers tract, Bartlesville, will be brought in this week.

The Wilson and Carr (well) south of the Producers pool, is about down waiting for casing.

The Osborn well in Section 24-19-12, first south of town was 1,500 feet deep today, having passed through 50 feet of sand with no flowing at either 50 or 60.

Dr. H. H. Shreve, of the well-known firm of Karpis & Shreve, of the Muskogee field, was in Tulsa Friday. It is the first time he has been here since last May. Mr. Shreve had a very severe attack of typhoid fever in the summer, which kept him in the Muskogee hospital for eight weeks. When he became convalescent he went over to Sulphur Springs in Arkansas where he remained for some time. His health is now fully restored.

### Leschetzky School of Piano, Lottie Lee Henderson.

From Vienna, Austria, Europe, will arrive about Oct. 1, prepared to teach the Leschetzky method in the most modern way. Pupils wishing to make appointments for lessons, address, Vienna, Austria, Wien, VIII, Hohenstaufenstrasse, After 20, Tulsa, Okla., 217 W. Sixth St.

### CAN CHECK THE BABIES.

Mothers at Tulsa Fair Can See the Signs Unnoticed by Children.

The Willard W. T. L. at Tulsa will maintain and operate under their personal direction a nursery in the corner building on the grounds of the Tulsa fair this year. All children from 1 to 5 years of age will be cared for in special nurses, thus enabling mothers to attend the fair and more thoroughly inspect the various departments of the exhibition.

The nursery will be conducted in the small frame building near the main exhibition building. The clock room system will be used in keeping tabs on children and every child left in care of the nursery attendants will be "checked" from checks of accompanying mothers will be given to mothers of those departing home, the 2 ladies of the child can remain in the building the check. Sleeping accommodations and play things will be furnished for the amusement and comfort of the children and the children will be under the watchful eyes of competent nurses, most of whom will be old-fashioned mothers, who have raised a family of children themselves and understand them.

## Our New Location

AT THE Southeast corner of Main and Third Streets we have completed the most elegant jewelry salesroom in Oklahoma. Not a single detail tending toward the comfort of patrons or the efficient conduct of the business has been overlooked. The change in location was made for the benefit of our patrons and the stock will be even better than before, which will result in further advantage to the discriminating buyer of Jewelry who demands not only quality but a reasonable price. We await with interest your visit because we feel sure that your approval will be given our efforts to make this store your pride.

## SANTA FE FROM K. C. TO MUSKOGEE VIA M.V.

The officials of the Santa Fe Railroad are seriously considering putting into operation a through train from Kansas City to Muskogee, entering that city and Muskogee over the Midland Valley tracks.

This arrangement would open up another trunk line through Muskogee and would give that city direct business connection with Kansas City, Omaha, Chicago, St. Louis, Independence, Bartlesville and Tulsa.

The Santa Fe now operates a train through from Kansas City to Tulsa and the Commercial Club of Muskogee believes that a continuation of the train to that city would prove a great benefit to her.

Traffic Manager A. W. LeFebvre of the Midland Valley when asked recently what arrangements might be made with the Midland Valley for the Santa Fe to use its tracks into Muskogee, made the following significant statement:

"The Santa Fe will have its own tracks and depot in Tulsa after Jan. 1st, and this might complicate matters a good deal. That proposition would have to be taken up with President Ingersoll direct."

City leads made promptly. See Coggeshall, 121 S. Boston. Adv.

### DURBAR BOOKLET.

Will Be Distributed Free to Thousands of Visitors During Fair Week.

The work of arranging the data for the booklet of information which is to be published this week and used for free distribution to the thousands of visitors in Tulsa during the week of the Durbar and County Fair, is progressing rapidly. The committee in charge of this work is desirous of having the names and locations of every place in the city where rooms will be available during Durbar week. Anyone, either having a public or private place in which they will have rooms for rent during the week, is invited to telephone Ben Finney, chairman of the committee, at number 514, and give in the number of rooms they will have, their rates, and other information along this line, that it may be incorporated in the booklet. The work of compiling this data will end in a few days.

### Ejection Suit is Filed.

A suit to eject Ira S. Coy and Yerba Lewis from possession of a certain piece of land in this county, was filed in the Superior Court yesterday by Ethel Davis, who alleges that the defendants are illegally depriving her of possession of the land without title.
